The Dark and Visible Side of the Universe ISAPP 2017

ISAPP doctorate school exploring the connection between dark matter searches and high-energy astrophysics

26 June - 5 July 2017

Texel island, the Netherlands

Registration Deadline 1 February 2017

High-energy astrophysics

Gamma rays, neutrinos, cosmic rays

Dark matter models & distribution

Indirect searches for dark matter

Collider searches for dark matter

Astroparticle statistics
